

ENERGY CALL?

DON'T GIVE THE CALLER ANY INFORMATION.

Look for the **WARNING** signs of an energy **SCAM**.

Is the caller:

- Asking if you have received your "utility discount?"
- Promising you a rebate?
- Telling you that your contract will expire soon?
- Asking you to get a copy of your bill?
- Pressuring you to ACT NOW?
- Threatening utility shut-off?

Ask them to call your energy manager,
Alternative Energy Source at 1-866-646-7322.
